arteastdutchess.com

We look forward to welcoming you to the tour in October! Cool temps, fall foliage, and art. What could be better?

The artists of artEast work in a great variety of media, including painting with oil, acrylic, watercolor and alcohol ink on yupo, iPad painting, collage, photography, stone-metal-wood-ceramic-and fiber-sculpture, jewelry, ceramic, pottery, glass, fabric/textiles, found objects, assemblage and wine corks. We even have an extensive outdoor sculpture park on the tour!

In 2006, artEast was founded with a goal of increasing awareness of the art being made between the Taconic Parkway and the Connecticut state line. Since then, we have grown our membership and geographic reach. We have a presence now in multiple community events, exhibiting our art work and engaging the communities in workshops and creative arts projects lead by the members of artEast from spring through the fall. Visit our website at www.artEastdutchess.com to discover where and when these events are happening, and stop by.

Greetings to all visitors from near and far! We look forward to welcoming old friends back and making new acquaintances, as we show you our art and our work spaces.
